The above <213> response is a sample of the non-English <213> responses throughout the submitted file. Very important: the only valid <213> responses are: the Genus species of the organism, "Artificial Sequence", or "Unknown". "Artificial Sequence" and "Unknown" require explanation in the <220>-<223> section; please clearly give the source of the genetic material. Same errors in Sequences 2-14.
